Pennsylvania United, the 501c4 affiliate of Pittsburgh United, is a grassroots organization with member-led chapters that build power for working-class families in Western PA. They believe the only way to combat division is to rebuild progressive organizing infrastructure in the communities that have experienced historic disinvestment from both economic opportunities and organizing resources. They build this organizing infrastructure by running local issue campaigns, connecting these issues to political campaigns, and developing member leadership to run these campaigns. They work every day to develop long-term organizing relationships that reconnect working-class people to power, and to build a multi-racial working-class movement for statewide change.

STATE LEGISLATIVE WORK

Pennsylvania United endorses and works to elect Progressive champions across Western Pennsylvania to the state legislature, and is building a long-term strategy to shift what is politically possible in swing districts.

ACCOMPLISHMENTS

In 2020, Pennsylvania United helped flip PA for President Joe Biden by making over 3 million phone calls to voters across Western PA. Their work helped increase the Democratic vote share in 4 western PA counties for the first time since 1992. PA United has also developed and implemented long-term leadership training programs between 2020 and 2021 and successfully elected 15 movement candidates for local and legislative seats across Western PA.

GOALS IN 2022 CYCLE

In 2022, Pennsylvania United aims to develop new local chapters and grow their existing chapters to reach 1,500 dues paying members, while working with our members who were elected to local office to pass progressive policies. They will also work to help protect the Democratic governor, flip a US Senate Seat, and elect progressive candidates to the PA House and Senate. Depending on the results of redistricting, there may also be an opportunity to flip the PA State House.
