

PENNSYLVANIA STANDS UP

State: Pennsylvania

Core Constituency/Target Audience:

Working people from urban and rural communities

ABOUT

PA Stands Up was founded in 2018 with the goal of building a multiracial movement of working people committed to creating a Pennsylvania that works for everyone. They have allowed for several grassroots organizations and campaigns across the state to combine forces, deepen their involvement, and scale up their work to build people power across Pennsylvania.

Over the past three years, PA Stands Up has made tremendous gains across the state, developing nascent resistance groups into lasting grassroots infrastructure in areas where there had been little to no progressive investment. By investing deeply in membership development and new organizing tactics, PA Stands Up has created one of the strongest independent organizations in the country.

LEGISLATIVE WORK

PA Stands Up works to elect progressive champions to the state legislature. They will be working to expand their membership, develop new leaders and equip progressive candidates with the skills they need to run and win in 2022.

ACCOMPLISHMENTS

PA Stands Up did much of the work that helped lead to a Biden victory in Pennsylvania and helped elect progressive champions at the state legislative level in 2020. In 2020 alone, they made more than 8.6 million voter contact attempts and held more than 450,000 conversations with Pennsylvania voters. They also engaged 2,000 dues-paying members, nearly doubling their membership.

ISSUES OF IMPORTANCE

PA Stands Up is harnessing the power of organizing statewide issue campaigns that cut across urban and rural communities. This year, they are focused on 3 priority campaigns:

Climate

PA Stands Up is working to tie climate justice to economic and racial justice, mobilizing a larger, multiracial base to counteract fracking and slow/reverse the effects of the climate crisis.

Housing

PA Stands Up is working to guarantee accessible, adequate and affordable housing for all -- in rural counties and in cities.

Mass Liberation

In the wake of the 2020 protests for Black liberation, PA Stands Up is working on local and statewide transformation to the criminal justice system -- from jails and prisons to police in schools.
